FERPA Statement:

Under Federal legislation, namely the Family Educational Rights and Privacy Act (FERPA) of 1974, I understand that my educational records cannot be released without my written permission. I authorize the release of my academic records from GCC to UNT, and the release of my academic records from the UNT to GCC, in order to share student data information between the two institutions without the violation of FERPA. I understand that I do have the right to rescind this release agreement of my academic records, once a UNT student.

GC students who meet the UNT admissions requirements upon completion of studies at GC or who complete an Associate degree at GC with at least 45 hours and a 2.00 grade point average will receive automatic admission to UNT. Students should apply for the Eagle Bound Program within the first year of enrollment at GC. This form needs to be completed and signed by the appropriate GC official prior to submitting to UNT.

In order to enroll in classes at UNT, the student must complete and submit (by UNT's admission deadline) the **TRANSFER** Texas Common Application (www.applytexas.org) and submit all official academic credentials required for admission to UNT.

Students transferring directly from GC to UNT shall have the same choice of catalog designating degree requirements as they would have had if the date of attendance at the university had been the same as the dates of attendance at the community college. All requirements of the chosen catalog must be met within eight years of that catalog's publication.

I agree that my student records may be shared between GC and UNT to facilitate the administration of this program.
